Dear all,

Greetings from Puducherry!

We are extremely glad to announce that we are back again with one of the finest academic programmes of the country, 'Second JIPMER SURGERY UPDATE 2018', bigger and better this time. The academic programme has been fine tuned targeting the improvement of clinical skills among the surgical residents and undergraduate students. We have included a radiology interpretation session and a session on operative surgery in the scientific programme, apart from clinical case discussion, panel discussion and lectures by experts on management of common conditions. We have also introduced a paper presentation session and an onstage surgery quiz for residents. We welcome you all for what we promise would be an enjoyable academic feast. Looking forward to seeing you in JIPMER this March 2018.

Regards,
Organising team
