JIPMER studio was inaugurated by Director JIPMER on 29th November 2018. Under this project we have installed televisions at the various places at SSB, RCC and WCH. In this regard, we are deciding the content which needs to be displayed in the respective OPD or IPD or patient waiting area. For this we request all HOD/Incharge of Sections to kindly depute a person from your department/section to co-ordinate and plan the content and timing of the programs that are going to be displayed in the Digital Displays Systems in respective OPD/IPD or patient waiting area. Kindly email the contact details of the deputed staff to jipmerstudio@gmail.com so that the studio staff can contact them and plan accordingly.
