

JIPMER provides patient with functional artificial limbs for all 4 extremities

JIPMER Hospital, Physical Medicine & Rehabilitation Department, Prosthetic section, has **provided functional artificial hands and high-tech lower limbs** to a **23-year-old man who had lost both hands and both legs due to an electric accident**. This was done under the guidance of Dr. Navin Kumar, Additional Professor and Head of Physical Medicine & Rehabilitation Department. The person is currently receiving training in walking and activities of daily living. The Director, JIPMER, Professor Dr.Rakesh Aggarwal was present when the artificial limbs were handed over.

The patient is very happy and satisfied on receiving the prostheses. His family members conveyed their thanks to the JIPMER Hospital which provided the artificial limbs free of cost. In a private setup, these would have cost more than 80000 rupees.
