Sub: Telemedicine – Video Conferencing CGR Session between JIPMER and SGPGI, Lucknow
on 2nd February 2019 at 8:00 to 9:00 AM - Reg.

This is to inform you that there will be Video Conferencing CGR Session will be held.

Date/Time : 02/02/2019 (Saturday) at 8:00 to 9:00 AM

Topic : ‘Metabolic liver disease in infants and children: from suspicion to diagnosis’

Summary : Metabolic liver disease can present in various ways ranging from hepatomegaly to acute liver failure to cirrhosis. Many times the children present to other departments because of non-hepatic presentation like rickets, renal tubular acidosis, hypoglycemia, arrhythmia or myopathy etc. The diagnosis of metabolic liver disease is often missed due to the varied clinical presentation and lack of suspicion. Delayed diagnosis is associated with morbidity and mortality. In this CGR we will be presenting cases with different metabolic liver diseases which we have managed in our department. We will be highlighting the difficulties in the diagnosis and management of these children.
