

CME

Assistive Technology for Children with Special Needs

Saturday, 23rd November 2019

I C Verma hall, First Floor, JIPMER Women & Children Hospital

Jointly organized by

Early Intervention Center, Department of Neonatology

JAWAHARLAL INSTITUTE OF POSTGRADUATE MEDICAL EDUCATION & RESEARCH

&

Department of Adult Independent Living

NATIONAL INSTITUTE FOR EMPOWERMENT OF PERSONS WITH MULTIPLE DISABILITIES

What is this CME about?

Creation of awareness about the role of information-communication technology (ICT) tools in children with special needs.

Provision of information regarding easily available ICT tools which would aid in early intervention like visual stimulation, development of speech & language, cognitive, social and basic literary skills.

Who will benefit by attending this CME?

Anyone dealing with children with special needs- pediatricians, pediatric neurologists, physiotherapists, occupational therapists, speech and language pathologists, early interventionists, special educators, child psychologists and nurses.

Speaker: **Mr Shankar Subbiah S**

About the speaker

Mr Shankar Subbiah is a specialist in assistive technology working with National Institutions like NIEPMD, NIEPVD, Government departments like SSA, RMSA, public libraries, commissionerates for persons with disabilities, educational Institutions like Ramakrishna Mission Vivekananda Educational and Research Institute, Leonard Cheshire UK, CBM and other CSR organizations, implementing information and communication technology, accessibility solutions for education and livelihoods. He mentors and works with many Assistive Technology start-ups in India for developing user centric solutions.
