*Department of Dermatology  
cordially invites you to an  
introductory training on  
dermoscopy and its uses*

**DATE : 22<sup>nd</sup> & 23<sup>rd</sup> July, 2017**

**VENUE: NTTC hall, JIPMER  
Academic Centre**

**JIPMER**

## **COURSE OVERVIEW**

Dermoscopy as a non-invasive technique is fast becoming sine qua non of diagnosis in dermatology. A day and a half workshop is designed as interactive “around the room” sessions which would facilitate applied learning for the course participants.

## **OBJECTIVES:**

At the end of the workshop, participants shall be

1. Familiar with the principle of dermoscopy and its potential uses
2. Able to recognize basic dermoscopic patterns in pigmented, inflammatory and neoplastic cutaneous conditions
3. Able to outline a logical and easy to follow framework for the dermoscopic evaluation of cutaneous lesions.

## **TARGET AUDIENCE**

Postgraduate students

Faculty
