

**JAWAHARLAL INSTITUTE OF POSTGRADUATE MEDICAL EDUCATION &
RESEARCH, PUDUCHERRY-605006 (Institute of National Importance under Govt. of India)**

**UNDERGRADUATE RESEARCH MONITORING COMMITTEE
GOLDEN JUBILEE SHORT-TERM RESEARCH AWARD FOR UNDERGRADUATE STUDENTS
(GJ –STRAUS)
Project evaluation guidelines (2016-17)**

1. Project proposals which are submitted according to the guidelines and on or before the last date only will be considered for approval
2. All project proposals will be evaluated by experts nominated by the Member Secretary, UGRMC.
3. The project proposals will be mailed to the experts in a de-identified form. Only the Part- B(technical details of the project) will be mailed to the experts. The candidate and guide details will not be mailed.
4. Each project will be assessed by three experts. The projects will be assessed according to the criteria given in the Evaluation form for the Project assessment. All experts will assess each project as either Accepted or Borderline or Rejected. Reasons for rejection have to be provided. Plus the projects have to be scored based on the score sheet provided.
5. If two or more experts rate the project as accepted then the project will be considered for approval.
5. If two or more experts rate the project as rejected then the project will be rejected.
6. The final list of accepted projects will be prepared in the following order of merit
 - a) All 3 accepted followed by
 - b) 2 accepted and 1 Borderline followed by
 - c) 2 accepted and 1 rejectedIn case the number of projects which meet the above criteria are more than the total number of awards (20 for MBBS, 4 for Nursing and 1 for Allied Health Science), then the cumulative scores of the three assessors will be taken into consideration.
