

JIPMER faculty shine on the International Stage:

Innovative Approaches to Medical Education

It is with immense pride, we announce the outstanding achievements of two of our esteemed faculty members, Dr. Niraimathi M and Dr. Divyashanthi CM, at the international conference in Medical Education conducted by AMEE 2023 (Association of Medical Education of Europe) held at Glasgow, United Kingdom on August 2023

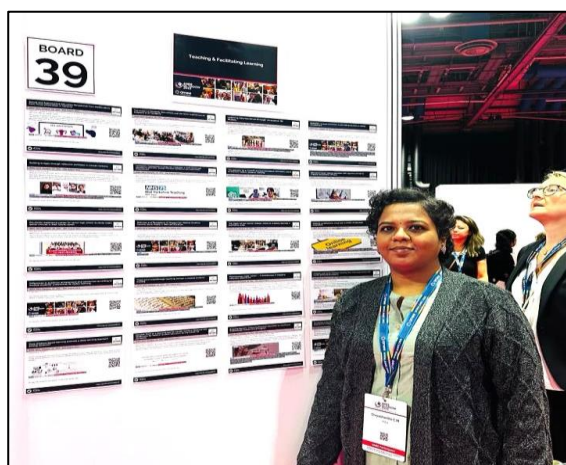

Dr. Niraimathi M - A Potpourri of Learning:

Dr. Niraimathi M, Assistant Professor, Department of Pathology, presented a short communication titled "Problem-based Integrated Module for Medical Undergraduates: A Potpourri Approach Blending Various Learning Domains in Problem-based Learning with Cross-grouping & Gamification."

Her work demonstrated how a potpourri of teaching strategies, including problem-based learning, cross-grouping, and gamification, can enrich the educational experience for medical undergraduates.

Dr. Divyashanthi CM - Making Pharmacology Radiant:

Dr. Divyashanthi CM, Assistant Professor, Department of Pharmacology, presented a poster titled "Pharmacology Made Radiant!". Her presentation delved into the implementation of novel, fun-filled, and colourful activities designed to promote active learning inside the classroom.

We extend our heartfelt congratulations to Dr. Niraimathi and Dr. Divyashanthi CM.
