Greetings from Department of Nursing Services, JIPMER, Puducherry

JIPMER is one among the eminent National importance institutions in the country which is providing exemplary teaching from undergraduate to super specialty & sub-specialties, conducting path breaking research and providing specialty care of high order. The model of providing free specialty health care while maintaining quality and safety makes JIPMER a unique model in the country. The Hospital continued to expand along with the Nursing department as Health Care and Nursing are indistinguishable part and parcel of the Health Care System. From General Health service to specialty service the Nurses have given their vibrant and extraordinary contribution in providing excellent and efficient safe and quality care in all patient care services and are expert in setting up the various speciality OTs, Cath Labs, Dialysis, Bone Marrow, Kidney, Liver & Hand Transplantation and Super Specialty Wards of global standards. Our department carries out periodical capacity building activities like In-service Education, Institutional level CNE Programme, Interdepartmental education, Department Mini Workshops and State and National level conferences to enhance the knowledge and skills among nurses to provide meticulous quality health care.

ABOUT THE CONFERENCE

Welcome to the Patient Safety and Quality Nursing Conference 2023!

In the ever-evolving healthcare landscape, ensuring patient safety and delivering high-quality nursing care remains at forefront of our responsibilities. This conference serves as a platform for sharing innovative ideas, best practices, emerging trends, challenges and the latest research findings in the field of nursing, all aimed at improving patient safety and quality for better patient outcome.

We are delighted to have you as delegate for this important gathering, dedicated to enhancing the quality and safety of patient care. This conference represents a significant milestone in our ongoing commitment in providing the highest standards of nursing care while prioritizing patient safety.

Over the course of the conference, you will have the opportunity to engage with leading experts, network with peers, and participate in enlightening discussions on topics ranging from evidence-based practice to the utilization of cutting-edge technology in nursing with respect to patient safety. This initiative aims to bridge the gap in nursing care, reduces errors, improves reporting and creates a safe patient centered health care environment which ultimately improves clinical outcomes and satisfaction of all stakeholders.

We encourage active participation and look forward to your valuable contributions during the various sessions of the conference. Together, we can create a safer and more patient-centric healthcare environment. Let us embark on this journey together, forging ahead to deliver the best safe care to those who entrust us with their well-being.

You are requested to register early. Enjoy the conference!

Regards

Mrs Sankareswari A, Chief Nursing Officer, Organizing Chairperson, JIPMER
