

# KNOW THE DIFFERENCE

## SAFE TOUCH

It feels good to be hugged and kissed by people you love.

- >When Mommie gives you a hug & kiss after you wake up.
- >When Daddy gives you a good night kiss
- >When Grandparents and Family come to visit and everyone gets a hug.

## UNSAFE TOUCH

Makes you feel bad or uncomfortable

- >When someone kicks, hits, punches or slaps
- >When someone touches you where you don't like and are not supposed to be touched,

## YOUR BODY BELONGS TO YOU!

Private body parts are the parts you cover with your swimming suit when you go swimming. No one should ever touch your private parts except your parents or Doctor as they help to keep you clean and healthy.
