DEPARTMENT OF PLASTIC SURGERY

Invitation

Dedication of 3D Printing Services to the Public

The Department of Plastic Surgery takes immense pleasure in adding a new service to the wide variety of patient care services provided by us to the public. We consider it a great honor that our Director has consented to spare his valuable time to grace this occasion.

Program Schedule

Venue : Seminar Room, Department of Plastic Surgery, 4th Floor, SSB, JIPMER
Date : 24th July, 2017
Time : 3:00 to 3:30 PM

3:00 pm	Welcome Address by Prof. Ravi Kumar Chittoria
3:10 pm	Director's Address
3:20 pm	Dedication of 3D printing services to the public
3:30 pm	Vote of Thanks by Dr. Dinesh Kumar S
3:35 pm	Tea & Snacks

All are welcome!

Further Information

Patients are dependent on either private 3D printing services for personalized implant fabrication (which costs them anywhere between Rs.5000/- to Rs.10000/-) or on manual designing of implants which have been found to be a poor fit.

JIPMER acquired a 3D Printer for extending the option of personalized implants to our patients in a cost-effective manner. The patients were still dependent on external expertise for the fabrication of the digital 3D models and further processing to make it compatible with the 3D printer. With the more recent acquisition of expertise by our in-house technicians, we are now able to extend the complete range of 3D printing services to our patients.

Dr Dinesh Kumar S

HOD, Department of Plastic Surgery
JIPMER
