Date: 03.01.2020

CIRCULAR

Since students' feedback is an important component of the JIPMER's commitment towards quality improvement in teaching and learning, an online feedback system has been created to receive feedback from students regarding their teaching learning experience. All the students can access this feedback link from the JIPMER Homepage. Students can find the link titled, "Students' Feedback" at the end of the JIPMER Homepage and submit their honest feedback. The responses received from the students will be kept confidential and the information collected through this anonymous survey will be used for reviewing and improving the aspects of teaching, learning and assessment in JIPMER. Students can submit their feedback either by directly logging in using their desktop computer or using **TCS iON mTOP** app in their mobile phone.

Students of 2015, 2016, 2017 and 2018 batches can login using their User Id and Password already provided to them.

Steps for students of 2019 batch for submitting their feedback via mobile phone:

Install **TCS iON mTOP** application from google play store

Login id: registrationnumber@jipmer.edu.in

Password for initial login: registration number (then change password as per the password policy)

All Department Heads and faculty members are requested to bring this to the notice of all their students.

Looking forward for your cooperation in this regard.
