Sub: Telemedicine – Video Conferencing Session between JIPMER and Lady Harding Medical College, New Delhi on 24th October 2019 at 3:00 to 4:00 pm - Reg.

This is to inform you that there will be Video Conferencing Session will be held.

Date/Time: 24/10/2019 (Thursday) at 3:00 to 4:00 pm

Topic : Comprehensive Location Management Center Beyond Just Human Breast Milk Bank

Speaker : Dr. Sushma Nangia, Director Professor and Head, Department of NeoNatology, KSCH

Summary : Breast milk is indisputably the preferred neonatal nutrition as it decreases the incidence and severity of preventable morbidities like Necrotising Enterocolitis, Bronchopulmonary Dysplasia and Retinopathy of prematurity, re-hospitalization after discharge and various neuro-developmental problems in infancy and childhood.

The American Academy of Pediatrics (AAP) in 2012 recommended use of donor human milk (DHM) for Very Low Birth Weight infants when mother's own milk (MOM) is not available.

Even though DHM is beneficial but it does not provide the same risk reduction as MOM because various bioactive components are reduced post pasteurization.

Whereas Human milk Banks across the globe have primarily focused on collection, screening, pasteurization, storage and distribution of Donor milk to high risk infants, a Comprehensive Lactation Management center (CLMC) on other hand, serves to support lactation and Breast feeding, promoting and enabling mothers to provide MOM for their infants

Between : Lady Harding Medical College, New Delhi, SGPGIMS, Lucknow – KEM, Mumbai – AIIMS, Delhi – NEIGRIHMS, Shillong – IMS, BHU, Varanasi – TMC, Trivandrum - IGMC Shimla, – JIPMER, Puducherry.

Venue : Telemedicine Centre, Dept. of Plastic Surgery, 4th Floor, SS Block, JIPMER.

Contact : Mr. Mohamed Ishaq (M-9751590265) / Mr Ramachandran (M-9629959807)

Kindly inform Faculty and Residents to attend.

Thanking you,

Yours Sincerely,

Prof Dr Ravi Kumar Chittoria
Head of IT Wing & Telemedicine
