Topic : **Gandhi's Challenge to Modern Medicine**

Speaker : **Prof. Dr. U. Nandakumar Nair**, Former Professor of Physical Medicine and Rehabilitation,
Medical College Hospital, Trivandrum

Summary : Gandhi lived in the times when Medicine was taking its baby steps in to the realm of Science. Surprisingly ahead of his times in political philosophy, Gandhi's widely reported approaches to Modern Medicine are misleadingly conservative. To confuse matters further he experimented with Naturopathy and traditional remedies in his personal life. But hidden beneath the popular stories, Gandhi's approach to medicine, is as scientific and ahead of times as his approach to his own life as an experiment to find truth. The lecture will attempt to unravel the hidden side of Gandhi's vision of medicine as challenges aimed at making Medicine scientific and modern.
